

## T Type Micro Switch

CE RoHS

### Features

- Complying with IEC 60947-5-1
- Silver Contact
- Beryllium copper spring
- Highly Reliable

### Design

BRISK Brand Micro Switches are single pole change over snap action switches featuring exceptional repeat accuracy and strict quality control with Beryllium Copper spring and silver contact.

## Technical Specification

### Electrical Specification

|                       |                                 |
|-----------------------|---------------------------------|
| Rating                | : 15A / 250V AC                 |
| Contact               | : 1 NO 1 NC                     |
| Contact Resistance    | : 10 m $\Omega$                 |
| Insulation Resistance | : 100 M $\Omega$                |
| Electrical Life       | : 1 lakh operation              |
| High Voltage Test     | : 1 KV AC between open contacts |

### Mechanical Specification

|                 |                                   |
|-----------------|-----------------------------------|
| Contact         | : Silver contact                  |
| Spring          | : Beryllium Copper                |
| Terminal        | : Brass                           |
| Operating Force | : 500 gms.                        |
| Mechanical Life | : 1 million operation             |
| Actuator        | : Panel Mount Plunger (Auxiliary) |

### Dimensions

All Dimensions are in mm.
